

# HOW MA PLAN TO KEEP YOU SAFE AT OUR IN-PERSON PD EVENTS

Whilst we are excited to announce that our face to face PD events can slowly return, things will look a little different.

## How are we keeping you safe?

We are asking that all attendees complete the online [Covid Symptom Checker](#) and provide MA with their results the day prior to this event, by emailing your results to [events@myotherapy.org.au](mailto:events@myotherapy.org.au)

If you have not done so already, consider downloading the [CovidSafe App](#)  
We ask that you [Know The Symptoms](#) and stay at home if you:

Are experiencing symptoms such as:

- fever
- respiratory symptoms
  - o coughing
  - o sore throat
  - o shortness of breath

Other symptoms can include runny nose, headache, muscle or joint pains, nausea, diarrhoea, vomiting, loss of sense of smell, altered sense of taste, loss of appetite and fatigue.

- Have been in contact with anyone known to have Covid-19 in the past 14-days
- Have returned from overseas travel in the past 14-days

You will be required to have your temperature checked each day upon arrival.

We will provide face masks for anyone that may prefer to wear them.

You will be required to bring with you all of your own towels, food and drink.

We will allow only a limited number of participants, including the instructor, so as to comply with the 1person per 4sqm ruling.

We will ensure adequate fresh air flow throughout the venue where possible.

We will break every 2-hours and request that participants step out for fresh air.

The premises will be cleaned to meet Covid cleaning protocols.

For any further queries, please contact our team at [events@myotherapy.org.au](mailto:events@myotherapy.org.au) MA will be sure to keep all attendees informed as to any changes or announcement from Government that may prevent this event from running.

Please do not hesitate to contact our events team with any queries.

Kind Regards

Elise Palmer  
Events and PD Chair
