

## SERVICE AGREEMENTS PROFESSIONAL DEVELOPMENT – SUMMARY GUIDELINES

MA members are required to maintain and extend their clinical knowledge and skills in order to keep abreast of emerging scientific evidence and associated clinical implications.

This can be achieved through a number of options [fee structure in Table 1]

### **MA Facilitated Programs and Learning Resources.**

Throughout the year Myotherapy Association Australia organises cutting edge professional development workshops and online learning resources specifically for the Myotherapy profession. Workshops are open to members and non-members of the allied health profession.

### **MA-Endorsed Professional Development** [download the form [here](#)]

Endorsed PD enables all practitioners and students to readily access quality Myotherapy-related courses and workshops. Scroll down for more information on current MA-Endorsed Professional Development.

Workshop providers seeking endorsement for their professional development program will be required to submit their workshop for assessment and allocation of PDPs if eligible. Workshop providers seeking MA Professional Development Endorsement are required to complete a Workshop Endorsement Application Form for Workshop Organisers.

Endorsement is available for in-person PD events and online learning resources.

Contact our team at [events@myotherapy.org.au](mailto:events@myotherapy.org.au) to request further information regarding how you can support the ongoing professional development of our members and the broader myotherapy and allied health community.

We look forward to working with you and thank you for partnering with MA in providing excellence in the PD experience for all.
